Background

- Established in 2011
- Every University in Italy is eligible for membership
- In 2015: 32 member universities
- Every private or public Association working on lifelong learning issue is eligible for membership
- In 2015: 2 member organizations

Focus

According to its Statutes, the aim of this registered non-profit association is the promotion, co-ordination and representation of lifelong learning issues as third mission of the University.

RUIAP promotes University lifelong learning through:

- Defining LLL policy and strategies in HE
- Supporting the development of LLL
- Promoting quality development
- Sharing information and best practice
- Setting up joint projects and innovative programmes
- Collaborating with the Rectors' Conference of the Italian Universities (CRUI)
- Collaborating with universities and other institutions both at national and international level
- Any issue related to University Lifelong Learning and Adult education

Core activities

- RUIAP is a place for discussion, dialogue and coordination of the ULLL issues and activities
- RUIAP organizes:
  - Two annual meetings
  - Two annual national conferences
- RUIAP participates to national working groups on LLL policy issues

Current issues

- Promoting recognition, validation and certification of non-formal and informal prior learning in the Italian higher education political system
