

Progress on Flexibility in the Bologna Reform

About BeFlex Plus

The first BeFlex project produced important results that were eagerly awaited and well received, generating a lot of interest as previously little was known about what is going on in University Lifelong Learning (ULLL) and how the Bologna reforms have affected development. The full reports and an executive summary are available on the website: www.eucen.org/BeFlex/index.html
And further information is available from EUCEN: executive.office@eucen.org

The follow-up project **aims** to:

- Update our knowledge about how ULLL is developing in Europe
- Promote the development of policy and practice in ULLL and the use of the Bologna tools
