

The French booklet on voluntary commitments

Origin

Fédération des Francas

Goals and user's guide

This booklet is meant for volunteers involved in our movement for his/her personal project . It should be used all along the period during which the person is involved in Les Francas.

It has been designed so that the owner can record all of his/her experiences for a personal, social and professional recognition (Part I , “memory of voluntary experiences”)

A dynamic process of analysis is also at the disposal of the volunteer in order to identify, describe and analyse more accurately his experiences if he/she wishes to do so (Part II)

The volunteer will also have the opportunity to compile all of his/her training experiences (Part III)

Remarks

This document is personal. It has been designed so that each volunteer is responsible to make it up, keep it up to date and use it. It is no compulsory document.

Its main function is to keep compile proofs and documents to be used whenever needed to promote personal, social and professional recognition.

For eg., for a student to get in the University, for a job search, to get a diploma through the accreditation of non-formal education,...

The volunteer passport in Franche-Comté

Origin

Produced by the National Youth Council and the departmental Youth Council of Franche-Comté

Aim

To promote and keep track of voluntary experience in order to gain social, personal and professional recognition

User's guide

Each youth is invited to fill in the volunteer passport when he/she is part of a voluntary activity

For each experience, he can:

- Describe his/her missions and functions
- Identify with the support of an adult skills developed using a list of key-skills pre-identified in the booklet
- Have those elements certified by a responsible adult

Remarks

This passport is a personal property

This is a basic tool easy to use, illustrated with interesting examples that should be more accurate

The list of key-competencies needs to be completed and classified
