

Refine meeting – Session 3 and 4 – Friday afternoon

The main purpose of these sessions is to share experience across sectors of using the same (or a similar) tool

Suggested topics for discussion

1. What tool did you test? Did you modify it in any way before you used it?
2. What kind of people were you working with and what were their objectives?
3. What is your general experience of testing this particular tool?
4. What were the good points?
5. What were the problems?
6. What would you take out and why?
7. What would you add and why?
8. What do you think we should focus on in year 2?
9. How do you think we should work together on this particular tool in year 2?

Proposed chairs (to be confirmed): Consuelo Corradi (IT), Eda Anton (EE), Lauri Savisaari (FI), Martin Poboril (CZ), Anca Codoreanu (RO), Frank Moe (NO)

Please nominate someone to take notes of key points
