Santa's Post Office.

The full programme for the 39th EUCEN Conference in Rovaniemi (FI) is now available on-line (the above link takes you directly to the Programme). The on-line programme has links to all the abstracts that have been accepted (both for the workshops but also for the poster exhibit area). The conference will have twelve presentations with discussion during the parallel and the workshops sessions. These presentations are contributions from BE, ES, FI, FR, HU, SE, SI and UK. We will also have the opportunity to see up to 18 posters at the conference exhibit. Some of them will be presented during the coffee breaks, so we suggest participants to contact the poster authors and make sure to find out when exactly formal presentations are taking place. *Do not delay and register now!*

A brief note to inform you that the EC has now adopted its proposal for the Europe 2020 Strategy which you can

Quo Vadis LLL? The COMPASS LLL project-group prepares an online-questionnaire

<http://www.eucen.eu/node/3516>

It has been now one and a half years since the LLL Charter has been published – a set of commitments for Universities and Governments to develop LLL strategies at institutional and national level.

But what has happened since then? Which progress has been made and how do Universities and European Governments set their

priorities?

COMPASS-LLL, EUCEN's latest project funded through the LLL Programme (please follow the above link for more information), has just accomplished its kick-off meeting in Porto in February and is going to seek answers to these questions and YOU can contribute:

Within the next weeks, the consortium partners, con-

sisting of 10 national University networks and Universities with close links to their respective networks will launch an online-survey concerning questions around the realisation of these commitments and all EUCEN members will be invited to participate and to bring in their perspective- so we will keep you informed and thank you already for your active support on that.

The European Commission has published in ec.europa.eu the Europe 2020 Strategy.
