## UniLab

### 11-12 March 2020 | Kick-off meeting of the new project UniLab

**Location:** UPF Barcelona School of Management, Spain

**Organisers:** eucen

**Description:** UniLab is an Erasmus+ project that intends to update study programmes incorporating modern competences and skills, expand international cooperation between universities and business through international internship programmes and international career centres. The project intends to contribute to the solution of challenges that universities in Russia, Belorussia and Azerbaijan have identified in the area of Work-Based Learning.

**How to register?** Meeting only open to partners of this project.

**How to be involved?** Send an email of interest to [unilab@eucen.eu](mailto:unilab@eucen.eu)

### 30 March – 03 April 2020 | Learning Week on Smart Data

**Title:** *Smart Data train the trainer Week 2020*

**Location:** Letterkenny Institute of Technology, Letterkenny, Ireland

**Organisers:** The Generation Data project consortium

**Description:** Generation Data seeks to provide teachers and lecturers with the knowledge and skills they need to teach smart data to today's students and future entrepreneurs. The learning week will select 16 HE teachers/trainers working in the HE sector who wish to improve their own data skills and use the curriculum and OERs to deliver a new training model. They will be the first group of trainers that use the course, discuss its relevance and the potential adoption into their future teaching. The project can co-finance the participation of 4 members of eucen to this event.

**How to register?** Send an email to [events@eucen.eu](mailto:events@eucen.eu) for more information

## How to get the most out of your participation at eucen events?

Here you have ten easy tips to help you prepare your participation to **eucen** events and to do some follow up when you return. These points will make the difference to your **eucen** experience!

### *Prior to arrival...*

1. submit an **abstract** of your work connected to the topic of the event when there is a Call – make your activities visible!
2. bring enough **leaflets** of your institution or your projects – we always have a dissemination table available for this purpose
3. bring **visit cards**, so you can give your contact details to new people you meet

### *Once you arrive to the registration desk of an event...*

4. look at the **list of participants** – identify old friends but also check if there is anyone that you could be interested in knowing
5. **talk** to as many participants as possible – network!
6. attend the sessions and be an **active participant** – listen, ask, explain your views

### *After the event...*

7. **follow up** the conversations that you have started during the event – get in touch with your contacts
8. write short **notes** of the event and keep them in your files so you can always go back to the notes and remember what happened, with whom you talked or which agreements you settled
9. put in your agenda the following **eucen** events that are announced – we hope to see you again
10. **explain** your experience to your colleagues – learn and share!
